

Reading your bill

Common Service Codes Defined

These Service Codes may not apply to all customers or services. All service codes are listed on the back of your monthly bill. If you have questions about your bill, please call 859-238-1200, option 1 and 1.

RWA - Residential Water

This line will show your monthly usage and the charges associated with the water usage alone.

RSW- Residential Sewer

Many customers who are connect to City of Danville water, may also be tapped into the City of Danville Sewer System as well. Wastewater (Sewer) fees are based on your water usage and are used for maintenance of wastewater infrastructure, and treatment of wastewater.

TRA - Trash Pickup

The City of Danville currently has a contract with Republic Services for trash and recycling collection. Your charges are dependent on the number of cans or recycling bins you have. If you feel this number is incorrect, or wish to add or remove cans in service, please contact Republic Services.

KYR - Kentucky River Tax

The Kentucky River Authority imposes usage fees on water users within the Kentucky River Basin including Boyle County. This is a pass-through fee from the KRA based on your usage.

ST1 and ST2 - Stormwater Fee

This fee is a base service charge for qualifying residents to maintain the City's stormwater/drainage system, treat stormwater and ensure acceptable environmental protection from toxic runoff.

Net Due After 9/10/2023	\$47.20

Service codes indicate usage rates, local taxes, and other usage-related fees, see service codes defined

Compare monthly usage
Extreme fluctuations may indicate a leak on the customer's side. Once water passes through the meter, it is considered billable usage. Leaks on the service line side (City of Danville) would not show on the meter because water has not yet passed through the meter. The customer is responsible for any leak repairs on the side of the customer. If you suspect a leak, please contact the Water Department and a trusted plumber for inspection.

Bills are due on the 10th each month
Late fees are applied after the 10th

TX1 - Kentucky Sales Tax

As of January 1, 2023, the Kentucky Legislature requires customers to declare a "place of domicile" or primary residence to be exempt from the Kentucky Sales & Use tax on utilities. Customers who receive service at multiple properties, may be subject to this tax.

PFP - Public Fire Protection

This monthly fee helps pay for the infrastructure, storage of water, pressure control and testing/maintenance of fire hydrants.

TX2 - City School Tax

The City School Tax is imposed at a rate set by the Danville Independent School District for all utility services.

TX3 - County School Tax

The City School Tax is imposed at a rate set by Boyle County Public Schools for all utility services.
