Message from the Director

Great things are happening at Jennie Rogers Community Center! We are so excited about the addition of Wrens Nest Daycare coming to our building. They will be operating a full-on childcare center and will have over 130 kids served by mid-2026. This place will be hopping! They will be making use of our full-service kitchen and feeding the kids breakfast, lunch, and snacks. They also hope to start an afterschool program.

In other news, the new food pantry run by Danville Independent Schools has been another great addition to our community. I can't believe all the donations! We were able to find them a full-size room that better fit their needs. Thankfully Morgan Burger came up with a great idea that was hidden under our noses. In future news, we will soon be getting a new couch for the game room, we have contractors scheduled to fix the leaking roof, and we are in talks with Public Works on finally expanding the parking lot. 2026 will be a great year for Jennie Rogers as we bring this old school fully back to life!

JRCC Update

The Wren's Nest Day Care:

We're excited to welcome The Wren's Nest Daycare and Learning Center as the new childcare provider operating out of the East Wing here at JRCC! They will offer quality childcare for children ranging from 6 weeks old all the way up to 12 years old. With a mission centered on creating a warm, nurturing "home away from home" atmosphere, The Wren's Nest is a wonderful addition to our JRCC family.

Rec League Basketball:

Rec League Basketball is officially underway at the Jennie Rogers Community Center, and everything is off to a great start! The gym is full of energy, great sportsmanship, and exciting matchups as players hit the court. Before you settle in to watch the game, be sure to stop by the concession stand for some fresh popcorn and a cold drink. It's the perfect game-day combo!
